When to consider **RESPIRE CARE**

Your loved one is released from the hospital or rehabilitation and not yet ready to go home.

You need to go on a business trip, vacation or are not available to take care of your loved one.

More time is needed to evaluate your options before making a permanent commitment.

**These are just a few reasons when a
Respite Stay would be beneficial.**

Respite residents enjoy the same amenities, health care, social activities, delicious meals, housekeeping, etc. as our permanent residents do.

Cost is \$150.00 per day with a minimum stay of 2 weeks.
